

## Advanced Learning Services at Odle & Tye Course Sequence Grades 6-8

---

### Preparation for Interlake High School

**World Language** is a requirement of the International Baccalaureate Program (IB) and is also required for college admissions. **Students planning to attend Interlake in the Advanced Learning Program, who would like the most flexibility in their options and success on IB assessments, should plan to complete Level 2 during middle school.**

Students complete assessments in six subject areas to earn points toward their IB diploma. Three assessments are taken at the Standard Level (SL) and three assessments are taken at the High Level (HL). Students choose which subjects to take at each level and usually take the HL assessments in their content areas of strength. Approximately 5% of our current advanced learning students complete an HL assessment for World Language.

Language Pathways are listed below. The *ab initio* pathway is designed for students who transfer into Bellevue School District and did not have the opportunity to complete Level 1 World Language during middle school.

Grade Level	Preparation for Language B HL	Preparation for Language B SL	Preparation for Language <i>ab initio</i> SL
6	WL 1A		
7	WL 1B	WL 1A	
8	WL Level 2	WL 1B	
9	WL Level 3	WL Level 2	WL Level 1
10	WL Level 4	WL Level 3	WL Level 2
11	WL Level 5	WL Level 4	WL Level 3

**IB Mathematics** courses must be taken during the IB Diploma years, grades 10 and 11. Students should be prepared to enroll in Algebra 2 during 9<sup>th</sup> grade. Acceleration beyond Algebra 2, during 8<sup>th</sup> grade or the summer following 8<sup>th</sup> grade, is not recommended.

<b>Grade</b>	<b>On Track – SL</b>	<b>On Track – HL</b>	<b>Accelerated - HL</b>
8	Geometry	Geometry	Algebra 2
9	Algebra 2	Algebra 2	IB Mathematics SL 2
10	IB Mathematics SL 2	IB Mathematics HL 1	IB Mathematics HL 1
11	IB Mathematics HL 1	IB Mathematics HL 2	IB Mathematics HL 2
12	IB Mathematics HL 2 <b>or</b> AP Statistics <b>or</b> Other Math Elective	Linear Algebra/Differential Equations <b>or</b> AP Statistics <b>or</b> Other Math Elective	Linear Algebra/Differential Equations <b>or</b> AP Statistics <b>or</b> Other Math Elective
